Pursuant to Federal Rule of Evidence 201, and in connection with Plaintiffs’ Emergency Motion to Modify the Population Reduction Order, Plaintiffs respectfully request that the Court take judicial notice of the following orders and directives:

1. Advisory from Chief Justice Tani G. Cantil-Sakauye, Supreme Court of California, to Presiding Judges and Court Executive Officers of the California Courts (Mar. 20, 2020), attached hereto as Exhibit 1 (urging courts to grant early releases, lower bail amounts, drastically reduce or eliminate flash incarceration, and consider defendants’ health conditions when ordering confinement).
2. Order Authorizing Sacramento County Sheriff’s Department to Grant Release (Cal. Super. Ct. 3. Letter from Chief Justice Mike McGrath, Supreme Court of Montana, to Judges of the Montana Courts of Limited Jurisdiction (Mar. 20, 2020), attached hereto as Exhibit 3 (“Because of the high risk of transmittal of COVID-19, not only to prisoners within correctional facilities but staff and defense attorneys as well, we ask that you review your jail rosters and release, without bond, as many prisoners as you are able, especially those being held for non-violent offenses.”).

5. Memorandum re: Coronavirus from Chief Justice Donald W. Beatty, Supreme Court of South Carolina, to Magistrates, Municipal Judges, and

- 1 Summary Court Staff (Mar. 16, 2020), attached hereto as Exhibit 5 (directing  
2 the release of defendants charged with non-capital crimes who do not pose  
3 unreasonable danger to the community and are not extreme flight risks).
- 4 6. General Order Bond for Certain Offenses (Tex. Crim. Dist. Ct. Trial Div.  
5 Mar. 21, 2020), attached hereto as Exhibit 6 (ordering “the immediate release

9 *COVID-19 Public Health Emergency*, No. 25700-B-607 (Wash. Mar. 20,  
10 2020), attached hereto as Exhibit 7 (ordering courts to “hear motions for  
11 pretrial release on an expedited basis” and “find[ing] that for those identified  
12 as part of a vulnerable or at-risk population by the Centers for Disease  
13 Control, COVID-19 is presumed to be a material change in circumstances”).
- 14 8. Order, *Xochihua-Jaimes v. Barr*, Case No. 18-71460 (9th Cir. Mar. 23,  
15 2020), ECF No. 53, attached hereto as Exhibit 8 (*sua sponte* ordering

19 (S.D.N.Y. Mar. 19, 2020), ECF No. 62, attached hereto as Exhibit 9

1 hereto as Exhibit 11 (ordering defendant released due to “[t]he risk that this  
2 vulnerable person will contract COVID-19 while in jail”).

6 17, 2020), ECF No. 21, attached hereto as Exhibit 12 (suspending

### 21 **LEGAL STANDARD**

22 Federal Rule of Evidence 201(b)(2) permits the court to take judicial notice of facts

8 The court orders and directives included in this request plainly meet this standard.

### **News Release**

**CHIEF JUSTICE CANTIL-SAKAUYE | SUPERIOR COURTS | COVID-19**

### **California Chief Justice Issues Second Advisory on Emergency Relief Measures**

March 20, 2020

Contact: Peter Allen 415-865-7740

California Chief Justice Tani Cantil-Sakauye issued new guidance to the state's superior courts on Friday to mitigate some of the health risks to judicial officers, court staff, and court users during the COVID-19 pandemic.

In California, unlike other states, presiding judges of county superior courts may petition the Chief Justice—as chair of the Judicial Council—for an emergency order. (So far, the Chief Justice has signed emergency orders for nearly all of California's 58 counties, available to the public [here](#)).

Under Gov. Gavin Newsom's executive order to shelter in place, courts are considered "essential services" that must still provide services to the public.

"I am deeply concerned about the disruption and hardships caused by the COVID-19 crisis and I have applied and will continue to apply all the constitutional and statutory powers of my office to minimize these unprecedented problems," Cantil-Sakauye said.

In Friday's advisory, Cantil-Sakauye urged court officials to consider the following measures. "These actions can be taken immediately to protect constitutional and due process rights of court users. They will require close collaboration with your local justice system partners," Cantil-Sakauye said.

#### **In criminal cases:**

- Lower bail amounts significantly for the duration of the coronavirus emergency, including lowering the bail amount to \$0 for many lower level offenses.
- Consider a defendant's existing health conditions, and conditions existing at the anticipated place of confinement, in setting conditions of custody for adult or juvenile defendants.
- Identify detainees with less than 60 days in custody to permit early release, with or without supervision or community-based treatment.

- Determine the nature of supervision violations that will warrant detention in county jail, or “flash incarceration,” to drastically reduce or eliminate its use during the current health crisis.
- Prioritize arraignments and preliminary hearings for in-custody defendants, and the issuance of restraining orders.
- Prioritize juvenile dependency detention hearings to ensure they are held within the time required by state and federal law.
- Allow liberal use of telephone or video appearance by counsel and defendant for routine or non-critical criminal matters.

**In civil cases:**

- Suspend all civil trials and hearings for at least 60 days, with the exception of time-sensitive matters, such as restraining orders and urgent dependency, probate, and family matters.
- When possible, provide that any urgent matters may be done telephonically.

***See Chief Justice Tani Cantil-Sakauye’s advisory below, sent to all county superior court presiding judges and court executive officers on Friday:***

To: Presiding Judges and Court Executive Officers of the California Courts

Dear Judicial Branch Colleagues:

I write to share information on actions we are taking at the state level regarding the current crisis in our California court system resulting from COVID-19, and to provide guidance on ways that might mitigate some of the health risks to judicial officers, court staff, and court users.

Governor Newsom’s order last night for all Californians to shelter in place reflects the unprecedented challenge we face with the COVID-19 virus, both as Californians and as judicial officers and court administrators. We sought and received clarification from the Governor’s office that the Governor’s order is not meant to close our courts. The courts are—and continue to be—considered as an essential service. I recognize, however, that this new adjustment to health guidelines and direction likely may require further temporary adjustment or suspension of certain court operations, keeping in mind, as we all are, that we are balancing constitutional rights of due process with the safety and health of all court users and employees.

We are working at both the state and local levels to identify more options to provide relief. Aiding in these efforts are the perspectives and input from the TCPJAC and

CEAC chairs and vice chairs who are dealing with local emergencies while making time to focus on the welfare of our larger judicial branch family.

In addition, we are in daily, close contact with the Governor's office, executive branch departments, and legislative leadership to make them aware of the impact on courts as well as to see where immediate and longer-term assistance may be needed to respond to a crisis of this magnitude.

I am deeply concerned about the disruption and hardships caused by the COVID-19 crisis and I have applied and will continue to apply all the constitutional and statutory powers of my office to minimize these unprecedented problems.

I, like many of you, am being contacted by justice system partners and advocates seeking immediate and direct action to address the particular needs of their constituencies. In responding to these requests, we have made clear what the limits of authority are for the Chief Justice and the Judicial Council, as well as the role of independent trial courts to manage their operations, while stressing our shared commitment to be responsive within the framework of respective constitutional and statutory responsibilities.

The relief I am authorized to grant with an emergency order is limited to the items enumerated in Government Code section 68115. In California, unlike other states, each of the 58 superior courts retains local authority to establish and maintain its own court operations. This decentralized nature of judicial authority is a statutory structure that reflects the diversity of each county.

In an effort to alleviate some of the immediate problems faced by the trial courts, I have authorized court holidays and extensions of time for court procedures in response to requests submitted by the presiding judges in many superior courts, with the understanding that the immense diversity of our state may require variations on what is considered an essential or priority service in a particular court or community.

I will continue to grant emergency order requests while balancing fairness and access to justice. As of writing, 63 emergency orders have been processed with several more pending. In light of the continuing emergency posed by the COVID-19 pandemic, I am prepared to approve requests for further extensions as warranted, consistent with my authority under Government Code section 68115(b).

In addition to the steps you have taken under the orders you have been granted, I strongly encourage to you consider the following suggestions to mitigate the effect of reduced staffing and court closures and to protect the health of judges, court staff, and court users.

These actions can be taken immediately to protect constitutional and due process rights of court users. They will require close collaboration with your local justice system partners.

## Criminal Procedures

1. Revise, on an emergency basis, the countywide bail schedule to lower bail amounts significantly for the duration of the coronavirus emergency, including lowering the bail amount to \$0 for many lower level offenses – for all misdemeanors except for those listed in Penal Code section 1270.1 and for lower-level felonies. This will result in fewer individuals in county jails thus alleviating some of the pressures for arraignments within 48 hours and preliminary hearings within 10 days.
2. In setting an adult or juvenile defendant's conditions of custody, including the length, eligibility for alternative sentencing, and surrender date, the court should consider defendant's existing health conditions, and any conditions existing at defendant's anticipated place of confinement that could affect the defendant's health, the health of other detainees, or the health of personnel staffing the anticipated place of confinement.
3. With the assistance of justice partners, identify those persons currently in county jail or juvenile hall custody who have less than 60 days remaining on their jail sentence for the purpose of modifying their sentences to permit early release of such persons with or without supervision or to community-based organizations for treatment.
4. With the assistance of justice partners, calendar hearings for youth returning to court supervision from Department of Juvenile Justice following parole consideration for a Welf. & Inst. Code, §1766 hearing.
5. With the assistance of justice partners, determine the nature of supervision violations that will warrant "flash incarceration," for the purpose of drastically reducing or eliminating the use of such an intermediate sanction during the current health crisis.
6. Prioritize arraignments and preliminary hearings for in-custody defendants, and the issuance of restraining orders.
7. Prioritize juvenile dependency detention hearings to ensure they are held within the time required by state and federal law.
8. For routine or non-critical criminal matters, allow liberal use of telephonic or video appearance by counsel and the defendant, and appearance by counsel by use of waivers authorized by Penal Code, § 977. Written waivers without being obtained in open court have been approved if the waiver is in substantial compliance with language specified in section 977, subdivision (b)(1). (People v. Edwards (1991) 54 Cal.3d 787, 811; People v. Robertson (1989) 48 Cal.3d 18, 62.)

Civil Procedures

1. Suspend all civil trials, hearings, and proceedings for at least 60 days, with the exception of time-sensitive matters, such as restraining orders and urgent dependency, probate, and family matters. Consider whether an emergency order may be needed to address cases reaching 5-year deadlines under Code of Civil Procedure section 583.310.
2. When possible, provide that any urgent matters may be done telephonically, under the general policy encouraging use of telephonic appearances in Code of Civil Procedure section 367.5(a) and California Rule of Court, rule 3.670.

The Judicial Council's entire management team and staff are focused on supporting you, your judicial officers, and court employees. They are moving as quickly as possible to address questions, share information, provide resources, and maintain open lines of communication to facilitate our branch's response.

I am immensely grateful to you and your dedicated employees for your tireless efforts to navigate this storm as you are also trying to help and protect your own families through this challenging time for us all.

Montana Courts of Limited Jurisdiction Judges

Dear Judges:

On behalf of the Supreme Court, I want you to know we appreciate that you serve as the front line of the judicial system. And, of course, the decisions you make have a substantial impact on the jail population throughout our state.

Because of the high risk of transmittal of COVID-19, not only to prisoners within correctional facilities but staff and defense attorneys as well, we ask that you review your jail rosters and release, without bond, as many prisoners as you are able, especially those being held for non-violent offenses.

At this time, there does not appear to be an outbreak of COVID-19 in any of Montana's correctional facilities. However, it is only a matter of time. Due to the confines of these facilities, it will be virtually impossible to contain the spread of the virus.

We ask that you follow the provisions of the Memorandum sent out March 17. Conducting as many hearings as you can using video and other remote technology will curtail the risk of exposure and transmission of the virus.

Thank you again for your service to the State and your communities. This is a challenging time, and we are all having to make some difficult decisions to keep our communities healthy.

Good luck and take care of yourselves.

Sincerely,

A handwritten signature in blue ink that reads "Mike McGrath". The signature is fluid and cursive.

Mike McGrath  
Chief Justice

**In the Matter of the Request to  
Commute or Suspend County Jail  
Sentences**

CRIMINAL ACTION

CONSENT ORDER

This matter having come before the Court on the request for relief by the Office of the Public Defender (see attached letter dated March 19, 2020), seeking the Court's consideration of a proposed Order to Show Cause (see attached) designed to commute or suspend county jail sentences currently being served by county jail inmates either as a condition of probation for an indictable offense or because of a municipal court conviction; and

The Court, on its own motion, having relaxed the Rules of Court to permit the filing of the request for relief directly with the Supreme Court, based on the dangers posed by Coronavirus disease 19 ("COVID-19"), and the statewide impact of the nature of the request in light of the Public Health Emergency and State of Emergency declared by the Governor. *See* Executive Order No. 103 (2020) (Mar. 9, 2020); and

The Office of the Attorney General, the County Prosecutors Association, the Office of the Public Defender, the American Civil Liberties Union of New Jersey having engaged in mediation before the Honorable Philip S. Carchman, P.J.A.D. (ret.); and

The parties having reviewed certifications from healthcare professionals regarding the profound risk posed to people in correctional facilities arising from the spread of COVID-19; and

The parties agreeing that the reduction of county jail populations, under appropriate conditions, is in the public interest to mitigate risks imposed by COVID-19; and

It being agreed to by all parties as evidenced by the attached duly executed consent form;

IT IS HEREBY ORDERED, that

- A. No later than 6:00 a.m. on Tuesday, March 24, 2020, except as provided in paragraph C, any inmate currently serving a county jail sentence (1) as a condition of probation, or (2) as a result of a municipal court conviction, shall be ordered released. The Court's order of release shall include, at a minimum, the name of each inmate to be released, the inmate's State Bureau of Identification (SBI) number, and the county jail where the inmate is being detained, as well as any standard or

specific conditions of release. Jails shall process the release of inmates as efficiently as possible, understanding that neither immediate nor simultaneous release is feasible.

1. For inmates serving a county jail sentence as a condition of probation, the custodial portion of the sentence shall either be served at the conclusion of the probationary portion of the sentence or converted into a “time served” condition, at the discretion of the sentencing judge, after input from counsel.
  2. For inmates serving a county jail sentence as a result of a municipal court conviction, the custodial portion of the sentence shall be suspended until further order of this Court upon the rescission of the Public Health Emergency declared Executive Order No. 103, or deemed satisfied, at the discretion of the sentencing judge, after input from counsel.
- B. No later than noon on Thursday, March 26, 2020, except as provided in paragraph C, any inmate serving a county jail sentence for any reason other than those described in paragraph A shall be ordered released. These sentences include, but are not limited to (1) a resentencing following a finding of a violation of probation in any Superior Court or municipal court, and (2) a county jail sentence not tethered to a

probationary sentence for a fourth-degree crime, disorderly persons offense, or petty disorderly persons offense in Superior Court. The custodial portion of the sentence shall be suspended until further order of this Court upon the rescission of the Public Health Emergency declared Executive Order No. 103, or deemed satisfied, at the discretion of the sentencing judge, after input from counsel. Jails shall process the release of inmates as efficiently as possible, understanding that neither immediate nor simultaneous release is feasible.

C. Where the County Prosecutor or Attorney General objects to the release of an inmate described in Paragraph A, they shall file a written objection no later than 5:00 p.m. on Monday, March 23, 2020. Where the County Prosecutor or Attorney General objects to the release of an inmate described in Paragraph B, they shall file a written objection no later than 8:00 a.m. on Thursday, March 26, 2020.

1. The objection shall delay the order of release of the inmate and shall explain why the release of the inmate would pose a significant risk to the safety of the inmate or the public.
2. Written objections shall be filed by email to the Supreme Court Emergent Matter inbox with a copy to the Office of the Public Defender.

3. The Office of the Public Defender shall provide provisional representation to all inmates against whom an objection has been lodged under this Paragraph.
4. The Office of the Public Defender shall, no later than 5:00 p.m. on Tuesday, March 24, 2020, provide responses to any objections to release associated with inmates described in Paragraph A, as it deems appropriate. The Office of the Public Defender shall, no later than 5:00 p.m. on Thursday, March 26, 2020, provide responses to any objections to release associated with inmates described in Paragraph B, as it deems appropriate.
5. The Court shall appoint judge(s) or Special Master(s) to address the cases in which an objection to release has been raised.
  - a. On or before Wednesday, March 25, 2020, the judge(s) or Special Master(s) will begin considering disputed cases arising from Paragraph A; on or before Friday, March 27, 2020, the judge(s) or Special Master(s) will consider disputed cases arising from Paragraph B.
    - i. The judge(s) or Special Master(s) shall conduct summary proceedings, which shall be determined on the papers. In the event the judge(s) or Special

Master(s) conduct a hearing of any sort, inmates' presence shall be waived.

- ii. Release shall be presumed, unless the presumption is overcome by a finding by a preponderance of the evidence that the release of the inmate would pose a significant risk to the safety of the inmate or the public.
- iii. At any point, the Prosecutor may withdraw its objection by providing notice to the judge(s) or Special Master(s) with a copy to the Office of the Public Defender. In that case, inmates shall be released subject to the provisions of Paragraphs D-I.
- iv. If the judge(s) or Special Master(s) determine by a preponderance of the evidence that the risk to the safety of the inmate or the public can be effectively managed, the judge(s) or Special Master(s) shall order the inmate's immediate release, subject to the provisions of paragraphs D-I.

1. The Order of the judge(s) or Special Master(s) may be appealed on an emergent basis, in a summary manner to the Appellate Division.
  2. Should a release Order be appealed, the release Order shall be stayed pending expedited review by the Appellate Division.
  3. The record on appeal shall consist of the objection and response filed pursuant to this Paragraph.
- v. If the judge(s) or Special Master(s) determine by a preponderance of the evidence that risks to the safety of the inmate or the public cannot be effectively managed, the judge(s) or Special Master(s) shall order the inmate to serve the balance of the original sentence.
1. The Order of the judge(s) or Special Master(s) may be appealed on an emergent basis, in a summary manner to the Appellate Division.

2. Should an Order requiring an inmate to serve the balance of his sentence be appealed, the Appellate Division shall conduct expedited review.

3. The record on appeal shall consist of the objection and response filed pursuant to this Paragraph.

b. The judge(s) or Special Master(s) should endeavor to address all objections no later than Friday, March 27, 2020.

D. Any warrants associated with an inmate subject to release under this order, other than those associated with first-degree or second-degree crimes, shall be suspended. Warrants suspended under this Order shall remain suspended until ten days after the rescission of the Public Health Emergency associated with COVID-19. *See* Executive Order No. 103 (2020) (Mar. 9, 2020).

E. In the following circumstances, the county jail shall not release an inmate subject to release pursuant to Paragraphs A, B, or C(5)(a)(iii) or (iv), absent additional instructions from the judge(s) or Special Master(s):

1. For any inmate who has tested positive for COVID-19 or has been identified by the county jail as presumptively positive for COVID-19, the county jail shall immediately notify the parties and the County Health Department of the inmate's medical condition, and shall not release the inmate without further instructions from the judge(s) or Special Master(s). In such cases, the parties shall immediately confer with the judge(s) or Special Master(s) to determine a plan for isolating the inmate and ensuring the inmate's medical treatment and/or mandatory self-quarantine.
2. For any inmate who notifies the county jail that he or she does not wish, based on safety, health, or housing concerns, to be released from detention pursuant to this Consent Order, the county jail shall immediately notify the parties of the inmate's wishes, and shall not release the inmate without further instructions from the judge(s) or Special Master(s). In such cases, the parties shall immediately confer with the judge(s) or Special Master(s) to determine whether to release the inmate over the inmate's objection.

F. Where an inmate is released pursuant to Paragraphs A, B, or C(5)(a)(iii) or (iv), conditions, other than in-person reporting, originally imposed by the trial court shall remain in full force and effect. County jails shall inform all inmates, prior to their release, of their continuing obligation to abide by conditions of probation designed to promote public safety.

Specifically:

1. No-contact orders shall remain in force.
2. Driver's license suspensions remain in force.
3. Obligations to report to probation officers in-person shall be converted to telephone or video reporting until further order of this Court.
4. All inmates being released from county jails shall comply with any Federal, State, and local laws, directives, orders, rules, and regulations regarding conduct during the declared emergency. Among other obligations, inmates being released from county jails shall comply with Executive Order No. 107 (2020) (Mar. 21, 2020), which limits travel from people's homes and mandates "social distancing," as well as any additional Executive Orders issued by the Governor during the Public Health Emergency associated with COVID-19.

5. All inmates being released from county jails are encouraged to self-quarantine for a period of fourteen (14) days.
  6. Unless otherwise ordered by the judge(s) or Special Master(s), any inmate being released from a county jail who appears to be symptomatic for COVID-19 is ordered to self-quarantine for a period of fourteen (14) days and follow all applicable New Jersey Department of Health protocols for testing, treatment, and quarantine or isolation.
- G. County Prosecutors and other law enforcement agencies shall, to the extent practicable, provide notice to victims of the accelerated release of inmates.
1. In cases involving domestic violence, notification shall be made. N.J.S.A. 2C:25-26.1. Law enforcement shall contact the victim using the information provided on the “Victim Notification Form.” Attorney General Law Enforcement Directive No. 2005-5.
    - a. Where the information provided on the “Victim Notification Form” does not allow for victim contact, the Prosecutor shall notify the Attorney General.

- b. If the Attorney General, or his designee, is convinced that law enforcement has exhausted all reasonable efforts to contact the victim, he may relax the obligations under N.J.S.A. 2C:25-26.1.
  2. In other cases with a known victim, law enforcement shall make all reasonable efforts to notify victims of the inmate's accelerated release.
  3. To the extent permitted by law, the Attorney General agrees to relax limitations on benefits under the Violent Crimes Compensation Act (N.J.S.A. 52:4B-1, *et seq.*) to better provide victims who encounter the need for safety, health, financial, mental health or legal assistance from the State Victims of Crime Compensation Office.
- H. The Office of the Public Defender agrees to provide the jails information to be distributed to each inmate prior to release that includes:
1. Information about the social distancing practices and stay-at-home guidelines set forth by Executive Order No. 107, as well as other sanitary and hygiene practices that limit the spread of COVID-19;

2. Information about the terms and conditions of release pursuant to this consent Order;
3. Guidance about how to contact the Office of the Public Defender with any questions about how to obtain services from social service organizations, including mental health and drug treatment services or any other questions pertinent to release under this consent Order.
  - I. Any inmate released pursuant to this Order shall receive a copy of this Order, as well as a copy of any other Order that orders their release from county jail, prior to their release.
  - J. Relief pursuant to this Order is limited to the temporary suspension of custodial jail sentences; any further relief requires an application to the sentencing court.

CHIEF JUSTICE

POST OFFICE BOX 3543  
SPARTANBURG, SOUTH CAROLINA 29304-3543

### MEMORANDUM

**TO:** Magistrates, Municipal Judges, and Summary Court Staff

**FROM:** Chief Justice Beatty

**RE:** Coronavirus

**DATE:** March 16, 2020

As the number of coronavirus cases has increased in South Carolina, and a state of emergency has been declared, the South Carolina Judicial Branch continues to consider all aspects of court operations.

As the situation continues to develop, we will provide further information and direction if and when circumstances so warrant. In the meantime, please review the following directives for your courts.

- All jury trials are postponed. Non-jury trials and other hearings may continue to be held, but only attorneys, their clients, and necessary witnesses will be allowed to appear.
- All roll calls and any other large gatherings such as traffic court are cancelled until further notice.
- If you deem it necessary to curtail operations beyond the scope of this memorandum, courthouses should remain available for the following critical functions:
  - Acceptance of filings and payments (including bonds)
  - Emergency hearings (including, but not limited to: restraining orders, orders of protection, bond revocation/modification, and vacating of bench warrants)
  - Transmission of necessary information to SLED and/or NCIC
  - Compliance with the Financial Accounting Order
- Any person charged with a non-capital crime shall be ordered released pending trial on his own recognizance without surety, unless an unreasonable danger to the community will result or the accused is an extreme flight risk.
- Bench warrants for failure to appear shall not be issued at this time.
- At a minimum, bond hearings should be held at least once per day.
  - The court shall continue to conduct probable cause determinations if a defendant is arrested and incarcerated on a Uniform Traffic Ticket.
  - The bond court shall continue to unseal bench warrants, or inform defendants of right to counsel and new court dates, and vacate bench warrants.
  - Victim's rights must be upheld. A victim advocate/notifier must be available for bond hearings.
  - If a defendant has been in jail as a pre-trial detainee for the maximum possible sentence, the court shall convert the bond to a personal recognizance bond and release the defendant.
- Court dates may be rescheduled as is necessary and prudent.
- To the extent possible and circumstances warrant, hearings that can be held by video may be held remotely. Telephonic hearings may be held remotely as a last resort.
- Counties/municipalities with orders in place whereby the Chief Magistrate may appoint magistrates to serve as municipal judges should do so as necessary if the current municipal judge(s) becomes unable to hold court.
- If a magistrates court temporarily closes, there should be adequate signs posted directing persons to the nearest other magistrates court(s) within the county where filings and payments may be

tendered. The court should include this information on its voicemail and website/social media if possible.

- The courts must maintain a 24-hour judge on-call schedule and provide it to jails and law enforcement. Amend the schedule as necessary.

The SCJB's Crisis Management Team will continue to monitor this situation and provide further information as received. We remain committed to the safety of the state court system and to the public. Thank you for your assistance in implementing these measures.

# THE SUPREME COURT OF WASHINGTON

IN THE MATTER OF STATEWIDE RESPONSE	)	AMENDED ORDER
BY WASHINGTON STATE COURTS TO THE	)	
COVID-19 PUBLIC HEALTH EMERGENCY	)	No. 25700-B-607
	)	
	)	
	)	
_____	)	

WHEREAS, on February 29, 2020, Governor Inslee proclaimed a state of emergency due to the novel coronavirus disease (COVID-19) outbreak in Washington; and on March 13, 2020, President Trump declared a national emergency due to the novel coronavirus disease (COVID-19) outbreak across the United States; and

WHEREAS, during this state of emergency, the Centers for Disease Control and Prevention and the Washington State Department of Health have recommended increasingly stringent social distancing measures of at least six feet between people, and encouraged vulnerable individuals to avoid public spaces; and

WHEREAS, consistent with these recommendations, Governor Inslee has barred gatherings of more than fifty people and ordered all schools, businesses, faith-based organizations, and other public venues to close during the ongoing public health emergency, and the CDC has recommended restricting gatherings to no more than 10 people; and

WHEREAS, many court facilities in Washington are ill-equipped to effectively comply with social distancing and other public health requirements and therefore

Page 2  
ORDER

continued in-person court appearances jeopardize the health and safety of litigants, attorneys, judges, court staff, and members of the public; and

WHEREAS, pursuant to this Court's March 4, 2020 order, many Washington courts have already taken important steps to protect public health while ensuring continued access to justice and essential court services; however, the crisis is increasing daily and it may become necessary for courts to close, suspend in-building operations or otherwise significantly modify their operations, and

WHEREAS, the increasingly aggressive spread of COVID-19 across Washington requires a uniform, coordinated response from Washington courts to prevent further outbreak and to maintain consistent and equitable access to justice; and

WHEREAS, this Court's consultation with trial court judges, justice partners and coordinate branches of government confirms the need for further direction from this Court; and

WHEREAS, the presiding judges across Washington need direction and authority to effectively administer their courts in response to this state of emergency, including authority to adopt, modify, and suspend court rules and orders as warranted to address the emergency conditions.

NOW, THEREFORE, pursuant to the Court's authority to administer justice and to ensure the safety of court personnel, litigants, and the public,

**IT IS HEREBY ORDERED:**

1. All civil jury trials shall be suspended until after April 24, 2020. Trials already in session where a jury has been sworn and social distancing and other public

Page 3  
ORDER

health measures are strictly observed may proceed or, at the discretion of the trial court or agreement of the parties, be continued to a later date.

2. All non-emergency civil matters shall be continued until after April 24, 2020, except those motions, actions on agreed orders, conferences or other proceedings that can appropriately be conducted by telephone, video or other means that does not require in-person attendance.
3. All emergency matters, including civil protection and restraining order matters, that must be heard before April 24, 2020, must be heard by telephone, video, or other means that does not require in-person attendance, unless impossible. Where court matters must be heard in person, social distancing and other public health measures must be strictly observed. Telephonic, video or other hearings required to be public must be recorded, with the recording preserved for the record.
4. All criminal jury trials are suspended until after April 24, 2020. Trials already in session where a jury has been sworn and social distancing and other public health measures are strictly observed may proceed or be continued if the defendant agrees to a continuance. For all criminal trials suspended under this provision, April 25, 2020 will be the new commencement date under CrR 3.3.
5. All **out of custody** criminal matters already pending shall be continued until after April 24, 2020 except those motions, actions on agreed orders, conferences or other proceedings that can appropriately be conducted by telephone, video or other means that does not require in-person attendance.

Page 4  
ORDER

Arraignment on **out of custody** cases filed between today's date and April 24, 2020 or the first appearance in court after that date shall be deferred until a date 45 days after the filing of charges. Good cause exists under CrR 4.1 and CrRLJ 4.1 and JuCR 7.6 to extend the arraignment dates. The new arraignment date shall be considered the "initial commencement date" for purposes of establishing the time for trial under CrR 3.3(c)(1), CrRLJ 3.3(c)(1) and JuCR 7.8(c)(1). Nothing in this section requires suspension of therapeutic court proceedings that can appropriately be conducted by telephone, video or other means that does not require in-person attendance.

6. Courts may enter ex parte no contact orders pursuant to RCW 10.99.040, RCW 10.99.045, RCW 10.14.040, RCW 7.90.150, RCW 9A.46.085, and/or RCW 9A.46.040, when an information, citation, or complaint is filed with the court and the court finds that probable cause is present for a sex offense, domestic violence offense, stalking offense, or harassment offense. Ex parte orders may be served upon the defendant by mail. This provision does not relieve the prosecution of proving a knowing violation of such an ex parte order in any prosecution for violating the order. Good cause exists for courts to extend ex parte orders beyond the initial period until a hearing can be held.
7. All **in custody** criminal matters shall be continued until after April 24, 2020, with the following exceptions:
  - a. Scheduling and hearing of first appearances, arraignments, plea hearings, criminal motions, and sentencing hearings.

Page 5  
ORDER

- b. Courts retain discretion in the scheduling of these matters, except that the following matters shall take priority:
      - i. Pretrial release and bail modification motions.
      - ii. Plea hearings and sentencing hearings that result in the anticipated release of the defendant from pretrial detention within 30 days of the hearing.
      - iii. Parties are not required to file motions to shorten time in scheduling any of these matters.
8. Juvenile court jurisdiction in all pending offender proceedings and in all cases in which an information is filed with the juvenile court prior to April 24, 2020, in which the offender will reach the age of 18 within 120 days of April 24, 2020, shall be extended to the offender's next scheduled juvenile court hearing after April 24, 2020.
9. A continuance of these criminal hearings and trials is required in the administration of justice. Based upon the court's finding that the serious danger posed by COVID-19 is good cause to continue criminal jury trials, and constitutes an unavoidable circumstance under CrR 3.3(e)(8), CrRLJ 3.3(e)(8), and JuCR 7.8(e)(7), the time between the date of this order and the date of the next scheduled trial date are EXCLUDED when calculating time for trial. CrR 3.3(e)(3), CrRLJ 3.3(e)(3), JuCr 7.8(e)(3).
10. The Court finds that obtaining signatures from defendants for orders continuing existing matters places significant burdens on attorneys,

Page 6  
ORDER

particularly public defenders, and all attorneys who must enter correctional facilities to obtain signatures in person. Therefore, for all matters covered in Sections 4 and 5, this Order serves to continue those matters without need for further written orders. Additionally:

- a. Defense counsel is not required to obtain signatures from defendants on orders to continue criminal matters through April 24, 2020.
- b. Courts shall provide notice of new hearing dates to defense counsel and unrepresented defendants.
- c. Defense counsel shall provide notice to defendants of new court dates.

11. Bench warrants may issue for violations of conditions of release from now through April 24, 2020. However, courts should not issue bench warrants for failure to appear in-person for court hearings and pretrial supervision meetings unless necessary for the immediate preservation of public or individual safety.

12. Motions for Pre-Trial Release:

- a. Courts shall hear motions for pretrial release on an expedited basis without requiring a motion to shorten time, but only if victims or witnesses can participate on an expedited basis. Const. Art. 1 (section 35).
- b. The Court finds that for those identified as part of a vulnerable or at-risk population by the Centers for Disease Control, COVID-19 is presumed to be a material change in circumstances, and the parties do not need to supply additional briefing on COVID-19 to the court. For all other

Page 7  
ORDER

cases, the COVID-19 crisis may constitute a “material change in circumstances” under CrR/CrRLJ 3.2(k)(1) and “new information” allowing amendment of a previous bail order or providing different conditions of release under CrR or CrRL or J 3.2(k)(1), but a finding of changed circumstances in any given case is left to the sound discretion of the trial court. Under such circumstances in the juvenile division of superior court, the court may conduct a new detention hearing pursuant to JuCR 7.4.

- c. Parties may present agreed orders for release of in-custody defendants, which should be signed expeditiously.
- d. If a hearing is required for a vulnerable or at-risk person as identified above, the court shall schedule such hearing within five days. The court is strongly encouraged to expedite hearings on other cases with due consideration of the rights of witnesses and victims to participate.

13. Courts must allow telephonic or video appearances for all scheduled criminal hearings between now and through April 24, 2020, unless impossible. For all hearings that involve a critical stage of the proceedings, courts shall provide a means for the defendant to have the opportunity for private and continual discussion with his or her attorney. Telephonic, video or other hearings required to be public must be recorded, with the recording preserved for the record.

14. The Court recognizes that there are procedural issue in juvenile, dependency, involuntary commitment, child support, and other matters that may not be

Page 8  
ORDER

encompassed in this Order. Nothing in this Order limits other interested parties in submitting similar orders tailored to the unique circumstances of those matters and any other matters not contemplated by this Order; however, parties are strongly encouraged to contemplate the issues addressed in this order. Nothing in this order prevents courts from following specific emergency plans for such matters, including for Involuntary Treatment Act and dependency matters.

15. Nothing in this order limits the authority of courts to adopt measures to protect health and safety that are more restrictive than this order, as circumstances warrant, including by extending as necessary the time frames in this order.
16. The Supreme Court may extend the time frames in this order as required by continuing public health emergency, and if necessary, will do so by further order. This order and other applicable emergency orders may be deemed part of the record in affected cases for purposes of appeal without the need to file the orders in each case. This amended order supersedes the Supreme Court's March 18, 2020 order (as corrected March 19, 2020).

DATED at Olympia, Washington this 20th day of March, 2020.

For the Court

  
CHIEF JUSTICE

I write to express my disagreement with paragraphs 11 and 12 of this order. In this time of grave state emergency, bench warrants should not issue for violations of conditions of release without a specific finding that the alleged violation poses a serious threat to public safety. There are so many varied conditions of release that would not jeopardize public safety. Issuing bench warrants without such a finding of serious threat to public safety only serves to funnel more people into detention or for individuals to have outstanding warrants on their record. Outstanding warrants are also a basis for stopping and detaining individuals. I would prohibit such bench warrants absent a specific finding.

I also disagree with the conditions placed on pre-trial release in paragraph 12 that are *conditioned* on a victim or witnesses' participation. The Chief Justice misreads this important Constitutional provision. CrR 3.2 governs pre-trial release and this order, as written, undermines the presumption of release in noncapital cases. At most, notice to a victim or witness of release may be warranted but a victim or witness's participation has never been a condition of release and is not what our state Constitution requires. I object to this requirement which has no basis in the law.

Finally, I disagree with paragraph 12(b)'s statement that COVID-19 constitutes a change in circumstances for only a small portion of our Washington population. I believe it constitutes a change in circumstances for all.

SOUTHERN DISTRICT OF NEW YORK

UNITED STATES OF AMERICA

v.

JOSE PEREZ,

Defendant.

**AMENDED ORDER**

**19 Cr. 297 (PAE)**

Upon the application of defendant Jose Perez, pursuant to 18 U.S.C. § 3142(i) for temporary release from custody during the current COVID-19 pandemic (Dkt. 58), and the Government's opposition thereto (Dkt. 59), IT IS HEREBY ORDERED:

1. The Court's decision in this case is based on the unique confluence of serious health issues and other risk factors facing this defendant, including but not limited to the defendant's serious progressive lung disease and other significant health issues, which place him at a substantially heightened risk of dangerous complications should he contract COVID-19 as compared to most other individuals. Accordingly, this Order should not be construed as a determination by this Court that pretrial detention is unsafe or otherwise inappropriate as a general matter or in any other specific case.

2. Pursuant to 18 U.S.C. § 3142(i), the Court concludes that compelling reasons exist for temporary release of the defendant from custody during the current public health crisis. Accordingly, the defendant's application is GRANTED pursuant to the following conditions:

3. The Clerk of Court is directed to prepare a new personal recognizance bond with the following conditions of release:

- a. A personal recognizance bond in the amount of \$75,000, to be signed by the defendant and co-signed by the defendant's wife and adult son as sureties;
- b. All mandatory conditions of release included in this Court's standard "Order Setting Conditions of Release" form;
- c. Third-party custodianship by the defendant's wife, Ms. Annette Piri-Perez, who shall be responsible to this Court for ensuring the defendant's compliance with these conditions of release;
- d. Home incarceration at the defendant's wife's residence in the Bronx, New York, with monitoring by means chosen at the discretion of Pretrial Services. The defendant shall be on 24-hour lockdown in the residence except for emergency medical visits. Any another leave from the residence must be approved by either the Pretrial Services officer or by the Court on application from defense counsel.
- e. No visitors to the residence except for family members;
- f. Pretrial Services supervision as directed by the Pretrial Services Office;
- g. Surrender all passports and other travel documents and make no applications for new or replacement documents;
- h. Drug testing as directed by the Pretrial Services Office;
- i. The defendant shall not possess a firearm, destructive device, or other weapon;

- j. The defendant shall not use or possess any narcotic drug or controlled substance unless prescribed by a licensed medical practitioner;
- k. The defendant shall have no intentional or prolonged contact directly or indirectly with any child under the age of 18 (including, without limitation, his grandchildren) without prior permission of the Pretrial Services Office and then only in the presence of another adult chaperone family member as approved by the Pretrial Services Office;
- l. The defendant shall not view, purchase, or distribute any materials depicting minors in the nude or engaged in sexually explicit conduct or positions;
- m. The defendant shall have no access to the internet or any internet-enabled electronic device. He shall use only a “flip” phone. The Pretrial Services Office shall work with the defendant’s wife to password protect all internet-enabled devices in the home, and the defendant’s wife shall not provide the password to the defendant.
- n. The defendant shall be released upon the signature of the defendant and the two sureties on the bond, including Ms. Piri-Perez’s agreement to act as third-party custodian under the above conditions; and, if Mr. Perez has not yet been released pursuant to the Court’s initial order, upon the Pretrial Services Office’s installation of the monitoring technology that it selects. The Pretrial Services Office shall conduct a home visit as soon thereafter as is practicable to establish all remaining safeguards, with any remaining conditions to be satisfied within one week of the date of this Order.

4. The Pretrial Services Office is directed to immediately alert the Court, the Government, and defense counsel of any violation of the above conditions, without need for a formal violation petition. The defendant is hereby notified that violation of the conditions of release will likely result in revocation of this temporary release.

5. Defense counsel is directed to submit a status update letter to the Court once a week after consultation with the Government, informing the Court as to the defendant's status, health, and compliance with the conditions of release.

6. This Order is subject to modification or revocation by the Court at any time. The Court intends to terminate the defendant's temporary release and return the defendant to pretrial detention as soon as the Court concludes that the defendant no longer faces the acute health risk posed by the current circumstances.

SO ORDERED.

OPINION & ORDER

ALISON J. NATHAN, District Judge:

At the hearing on March 6, 2020, the Court reviewed Magistrate Judge Fox’s bail determination *de novo* and concluded that the Defendant failed to establish by clear and convincing evidence that he did not pose a danger to the community. *See* March 6 Hr’g Tr. at 31:11–32:1; *see also* 18 U.S.C. § 3143(a)(1); Fed. R. Crim. P. 32.1(a); 18 U.S.C. § 3142. Accordingly, the Court ordered him remanded to the custody of the Bureau of Prisons (“BOP”).

On March 16, 2020, the Defendant filed an emergency motion for reconsideration of his bail conditions. *See* Dkt. No. 2789-1. The Court GRANTS that motion and orders the Defendant released subject to the additional conditions of 24-hour home incarceration and electronic location monitoring as directed by the Probation Department.

The Court concludes that reconsidering the Defendant’s bail conditions is appropriate in light of circumstances that have changed since the March 6 hearing. *Cf.* 18 U.S.C. § 3142(f) (A detention hearing under 18 U.S.C. § 3142 “may be reopened, before or after a determination by the judicial officer, at any time before trial if the judicial officer finds that information exists that was not known to the movant at the time of the hearing and that has a material bearing on the issue whether there are conditions of release that will reasonably assure the appearance of such person as required and the safety of any other person and the community.”). These changed circumstances are two-fold. First, the strength of the primary evidence relied upon by the Government to demonstrate the danger the Defendant poses to the community has been

undermined by new information not available to either party at the time of the March 6 hearing. Indeed, while the Government argued at the hearing that the Defendant’s “possession of a loaded firearm in proximity to drugs . . . is an inherently dangerous activity” that weighed in favor of his detention, *see* March 6 Hr’g Tr. at 8:23–9:3, the Court has since learned that the arresting officer—who will not testify for the Government at the hearing on the Defendant’s alleged violation of supervised release—initially identified a *different* individual as holding the bag that contained the firearm. *See* Dkt. No. 2789-1 at 2. Though the Government proffers additional evidence that it will introduce at the hearing,<sup>1</sup> this new information nonetheless indicates that the Government’s case is weaker than it believed it to be at the March 6 hearing and bears upon the Court’s prior conclusion that the Defendant failed to establish by clear and convincing evidence that he did not pose a danger to the community.

Second, since the March 6 hearing, the unprecedented and extraordinarily dangerous nature of the COVID-19 pandemic has become apparent. Although there is not yet a known outbreak among the jail and prison populations, inmates may be at a heightened risk of contracting COVID-19 should an outbreak develop. *See, e.g.,* Joseph A. Bick, *Infection Control in Jails and Prisons*, 45 *Clinical Infectious Diseases* 1047, 1047 (Oct. 2007), <https://doi.org/10.1086/521910> (noting that in jails “[t]he probability of transmission of potentially pathogenic organisms is increased by crowding, delays in medical evaluation and treatment, rationed access to soap, water, and clean laundry, [and] insufficient infection-control expertise”); *see also* Claudia Lauer & Colleen Long, *US Prisons, Jails On Alert for Spread of Coronavirus*, Associated Press (Mar. 7, 2020). The magnitude of this risk has grown exponentially since the March 6 hearing before this Court; at the end of the day on March 6, New York State had 44 confirmed cases of COVID-19, *see* Andrew Cuomo (@NYGovCuomo),

---

<sup>1</sup> The Government proffers that at the hearing it will offer, among other evidence, video surveillance footage, testimony of an NYPD officer who was present when the firearm was recovered and will testify that he recognizes the Defendant in the surveillance video as the individual carrying the bag containing the firearm, and testimony from the Defendant’s Probation Officer, who will testify that she also identified the Defendant in the video as the individual carrying the bag containing the firearm.

Twitter (Mar. 6, 2020, 4:51 PM), <https://twitter.com/NYGovCuomo/status/1236046668220567553>, but by the end of the day on March 18, that number had climbed to 2,382, *see* Mitch Smith, *et al.*, *Tracking Every Coronavirus Case in the U.S.: Full Map*, N.Y. Times, Mar. 18, 2020, <https://www.nytimes.com/interactive/2020/us/coronavirus-us-cases.html>. Though the BOP has admirably put transmission mitigation measures in place, *see* Federal Bureau of Prisons, *Federal Bureau of Prisons COVID-19 Action Plan*, [https://www.bop.gov/resources/news/20200313\\_covid-19.jsp](https://www.bop.gov/resources/news/20200313_covid-19.jsp), in the event of an outbreak at the Metropolitan Correctional Center (“MCC”) (where the Defendant is currently being detained), substantial medical and security challenges would almost certainly arise. A comprehensive view of the danger the Defendant poses to the community requires considering all factors—including this one—on a case-by-case basis. *See, e.g., United States v. Raihan*, No. 20-cr-68 (BMC) (JO), Dkt. No. 20 at 10:12–19 (E.D.N.Y. Mar. 12, 2020) (deciding to continue a criminal defendant on pretrial release rather than order him remanded to the Metropolitan Detention Center due, in part, to the Magistrate Judge’s recognition of the fact that “[t]he more people we crowd into that facility, the more we’re increasing the risk to the community”).

Taken together, these changed circumstances necessitate a reconsideration of the Defendant’s bail conditions. The question of whether the Defendant had met his burden to establish by clear and convincing evidence that he did not pose a danger to the community was a close one at the March 6 hearing. Indeed, Defense counsel presented ample evidence at that hearing that aside from the arrest from which the alleged violation of supervised release arises, the Defendant does not have a violent background: no prior convictions involved violent conduct or gun charges. *See* March 6 Hr’g Tr. at 16:18–17:14. In light of the changed circumstances discussed above, the weight of the evidence now clearly and convincingly tips in the Defendant’s favor. Accordingly, based on the evidence and arguments presented at the March 6 hearing coupled with the reasons stated above, the Court concludes that the Defendant has now established by clear and convincing evidence that he does not pose a danger to the community.

Even if the Court were to conclude that changed circumstances did not compel reconsideration of the Defendant’s bond conditions, a separate statutory ground advanced by the Defendant would require his release here. 18 U.S.C. § 3142(i) provides that, where a detention order has been issued, “a judicial officer may, by subsequent order, permit the temporary release of the person, in the custody of a United States marshal or another appropriate person, to the extent that the judicial officer determines such release to be necessary for preparation of the person’s defense or for another compelling reason.” The Government does not challenge the application of this provision—indeed, it does not address it at all in opposing the Defendant’s motion, *see generally* Dkt. No. 2791—and the Court thus concludes that it applies here.

The text of Section 3142(i) provides that the Court may temporarily release a detained defendant to the custody of an “appropriate person” where a “compelling reason” necessitates such release. Compelling reasons may exist where release is necessary for the preparation of the defendant’s defense, *see* 18 U.S.C. § 3142(i), or where the defendant’s serious medical conditions warrant release, *see, e.g., United States v. Rebollo-Andino*, 312 F. App’x 346, 348 (1st Cir. 2009) (explaining that a defendant who is denied bail “retains the ability to request[,] . . . in extraordinary circumstances, . . . temporary release under § 3142(i)” should future developments with respect to his medical conditions so warrant); *see also United States v. Birbragher*, No. 07-cr-1023-(LRR), 2008 WL 1883504, at \*2 (N.D. Iowa Apr. 25, 2008) (describing *United States v. Scarpa*, 815 F. Supp. 88 (E.D.N.Y. 1993), and *United States v. Cordero Caraballo*, 185 F. Supp. 2d 143 (D.P.R. 2002), as cases in which courts found “compelling reason” to temporarily release defendants due to the defendants’ serious medical issues).<sup>2</sup> Furthermore, case law suggests that

---

<sup>2</sup> In a similar context, the Second Circuit has described “exceptional” reasons permitting the release of a defendant subject to mandatory detention—arguably a higher standard than “compelling” reasons—as those that “present a unique combination of circumstances giving rise to situations that are out of the ordinary.” *United States v. DiSomma*, 951 F.2d 494, 497 (2d Cir. 1991); *see also* 18 U.S.C. § 3145 (“A person subject to detention pursuant to section 3143(a)(2) or (b)(2), and who meets the conditions of release set forth in section 3143(a)(1) or (b)(1), may be ordered released, under appropriate conditions, by the judicial officer, if it is clearly shown that there are exceptional reasons why such person’s detention would not be appropriate.”). The Second Circuit has explained that determining whether a given circumstance presents exceptional reasons under Section 3145 requires a case-by-case evaluation by the district judge and that the district judge’s discretion is “constrained only by the language of the statute: ‘exceptional reasons.’” *DiSomma*, 951 F.2d at 497.

family members may constitute “appropriate persons” where the defendant is released to relatives and placed under house arrest. *See Cordero Caraballo*, 185 F. Supp. 2d at 145 (releasing the defendant, who the court would have detained on dangerousness grounds, to the custody of his mother and grandmother on 24-hour house arrest due to his severe injuries). “A defendant has the burden of showing that temporary release is ‘necessary . . .’ under Section 3142(i).” *See United States v. Dupree*, 833 F. Supp. 2d 241, 246 (E.D.N.Y. 2011).

The Court concludes that the Defendant has met his burden by demonstrating at least one compelling reason that also necessitates his release under this provision. Namely, the obstacles the current public health crisis poses to the preparation of the Defendant’s defense constitute a compelling reason under 18 U.S.C. § 3142(i). *See id.* (providing that the Court “may . . . permit the temporary release of [a] person, in the custody of a United States marshal or another appropriate person, to the extent [it] determines such release to be necessary for preparation of the person’s defense”). The spread of COVID-19 throughout New York State—and the country—has compelled the BOP to suspend all visits—including legal visits, except as allowed on a case-by-case basis—until further notice. *See Federal Bureau of Prisons, Federal Bureau of Prisons COVID-19 Action Plan*, [https://www.bop.gov/resources/news/20200313\\_covid-19.jsp](https://www.bop.gov/resources/news/20200313_covid-19.jsp) (explaining that “legal visits will be suspended for 30 days” nationwide and that “case-by-case accommodation will be accomplished at the local level”). This suspension impacts the Defendant’s ability to prepare his defenses to the alleged violation of supervised release in advance of the merits hearing scheduled for March 25, 2020. Defense counsel represents that after contacting the MCC Legal Department to arrange legal calls with the Defendant, “the MCC did not permit a legal call to Mr. Stephens.” Dkt. No. 2789-1 at 10. He further proffers that other defense counsel have faced similar obstacles in attempting to communicate with their clients. *Id.* The Government neither responds to nor contests these factual representations, and so the Court relies upon them here. *See generally* Dkt. No. 2791. Thus, the Court concludes that these circumstances necessitate the Defendant’s temporary release. *See United States v. Persico*, No. 84-cr-809 (JFK), 1986 WL 3793, at \*1 (S.D.N.Y. Mar. 27, 1986) (describing cases in which

“temporary releases of defendants therein were granted prior to trial in order to facilitate the defendants’ expeditious preparation for trial and thus to promote the prompt disposition of the charges against each defendant” where “[t]he concern in each case was that, given the admittedly limited access to telephones and attorney conference rooms at the detention facilities, the effective preparation of a defense might have been impossible in the short time available before the commencement of trial”).<sup>3</sup>

The Court further concludes that the Defendant’s mother constitutes an “appropriate person” within the meaning of this provision so long as the Defendant is subject to home incarceration with GPS monitoring at the residence he shares with her. *See Cordero Caraballo*, 185 F. Supp. 2d at 146 (finding that the defendant’s mother and grandmother “qualif[ied] as third-party custodians” for purposes of the release of the defendant).

In sum, circumstances that have changed since the March 6 hearing warrant reconsideration of the Defendant’s bail conditions, and the Court concludes that, in light of these changed circumstances, the Defendant has established by clear and convincing evidence that he does not pose a danger to the community. Furthermore, even were the Court to conclude that reconsideration was not warranted, compelling reasons would necessitate the Defendant’s temporary release under 18 U.S.C. § 3142(i). Accordingly, the Court orders the Defendant released from the custody of the Bureau of Prisons to the custody of his mother, with whom he lives, subject to the additional conditions of supervised release of 24-hour home incarceration at his current residence in the Bronx and electronic location monitoring as directed by the Probation Department.

SO ORDERED.

---

<sup>3</sup> The Defendant also argues that the current public health crisis itself provides an additional compelling reason necessitating his release for all the reasons already articulated above. *Cf. Rebollo-Andino*, 312 F. App’x at 348 (explaining that “extraordinary circumstances” related to medical conditions may necessitate temporary release under § 3142(i)). The Court need not decide this additional factor here because its determination that release is necessary for the preparation of the Defendant’s defense is sufficient under § 3142(i).

UNITED STATES DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA

IN THE MATTER OF THE  
EXTRADITION OF ALEJANDRO  
TOLEDO MANRIQUE

Case No. 19-mj-71055-MAG-1 (TSH)

**ORDER RE: SECOND MOTION FOR  
RECONSIDERATION**

Re: Dkt. No. 109

United States District Court  
Northern District of California

These are extraordinary times. The novel coronavirus that began in Wuhan, China, is now a pandemic. The nine counties in the San Francisco Bay Area have imposed shelter-in-place orders in an effort to slow the spread of the contagion. This Court has temporarily halted jury trials, even in criminal cases, and barred the public from courthouses.

Against this background, Alejandro Toledo has moved for release, arguing that at 74 years old he is at risk of serious illness or death if he remains in custody. The Court is persuaded. The risk that this vulnerable person will contract COVID-19 while in jail is a special circumstance that warrants bail. Release under the current circumstances also serves the United States’ treaty obligation to Peru, which – if there is probable cause to believe Toledo committed the alleged crimes – is to deliver him to Peru alive.

The Court appreciates San Mateo County’s management plan for the jail. It looks pretty detailed, although it seems to rely on self-reporting and observation to identify potentially infected people, and it doesn’t say anything about testing. At oral argument, counsel for the government was unable to make any representations concerning Maguire’s possession of testing kits. The Court is glad to hear that there are currently no reported cases of COVID-19 at Maguire, but is unsure what that means if people are not being tested. And, as the management plan itself

1 acknowledges, symptoms of COVID-19 can begin to appear 2-14 days after exposure, so  
 2 screening people based on observable symptoms is just a game of catch up. That’s why the Bay  
 3 Area is on lockdown. We don’t know who’s infected. Accordingly, the government’s suggestion  
 4 that Toledo should wait until there is a confirmed outbreak of COVID-19 in Maguire before  
 5 seeking release, *see* ECF No. 113 at 6 (“If the situation with respect to COVID-19 at Maguire  
 6 changes, Toledo is free to seek reconsideration of the issue at that point.”), is impractical. By then  
 7 it may be too late.

8 There is still the problem that Toledo is a flight risk. This problem has to a certain extent  
 9 been mitigated by the existing pandemic. The Court’s concern was that Toledo would flee the  
 10 country, but international travel is hard now. Travel bans are in place, and even if Toledo got into  
 11 another country, he would most likely be quarantined in God-knows-what conditions, which can’t  
 12 be all that tempting. Also, international travel would itself pose a risk of infection by likely  
 13 putting Toledo in contact with people in close quarters. Maybe the risk of COVID-19 is worth it if  
 14 he can make a run for it and get away. The government says he faces the prospect of life in prison  
 15 if he is convicted in Peru. But escape is riskier and more difficult now.

16 While the risk that Toledo will flee cannot be completely mitigated, certain release  
 17 conditions will help. Toledo must be on home lockdown and can leave only for medical  
 18 appointments, attorney visits or court appearances (once attorney visits and court appearances  
 19 resume). He must wear a GPS device so his movements can be tracked. There are a bunch of  
 20 other release conditions as well. They are spelled out in the separate release form that will become  
 21 the actual release order once it’s been fully executed.

22 Let’s talk about bail and sureties. Toledo’s prior proposed bail package consisted of \$1  
 23 million secured by cash and property (mostly property) put up by friends, with nothing from his  
 24 wife. This was back when he was telling the Court his wife had no money, and when his wife was  
 25 saying the same thing to Pretrial Services.<sup>1</sup> He now offers essentially the same bail package.

26 \_\_\_\_\_  
 27 <sup>1</sup> Her lawyer, Ethan A. Balogh, has submitted a declaration in which he attempts to cast this as a  
 28 misunderstanding. At the hearing he admitted he wasn’t on the phone call between Ms. Karp-  
 Toledo and the Pretrial Services officer, and the Court explained that this rendered his declaration  
 worthless.

1 However, the Court has a concern about that – a concern that can be mitigated, but a concern  
2 nonetheless. Bail isn't just about money; it's about whose money it is. We want sureties who  
3 have moral suasion over the defendant. The idea is that if the defendant flees, he will cause people  
4 he cares about to lose money or property, so out of concern for them he won't do that. If Toledo's  
5 friends were putting up their assets at a time when his wife was sitting on \$1 million in cash and  
6 near-cash equivalents, and she was offering nothing, this presents the concern that they were  
7 tricked, which causes the Court to wonder how much concern Toledo has for his friends and how  
8 much suasion they exercise over him. For any of his friends who are posting assets, the Court  
9 needs to confirm in a telephonic hearing that they know his wife had \$1 million to her name last  
10 August and still today (according to her counsel) has between \$700,000 and \$800,000, and with  
11 that knowledge the friends are still willing to act as sureties. If they know the truth and are still  
12 willing to stand by him, the Court will accept that they wield suasion. (Also, independently of  
13 suasion, the Court does not want sureties to be misled.). Two of those sureties, Martin Carnoy and  
14 Larry Diamond, participated in the telephonic bail hearing and confirmed their knowledge and  
15 continued willingness to be sureties.

16 Also, Elaine Karp-Toledo must post some cash bail and surrender her passports. As noted,  
17 her counsel represents that she currently has between \$700,000 and \$800,000 and that she has  
18 ongoing legal expenses due to a criminal investigation into her and due to Peru's attempt to get her  
19 extradited as well. And, of course, she needs money for her and Toledo to live off of during the  
20 course of this proceeding. Toledo's counsel represents that Toledo's friends can put up a  
21 combined \$325,000 in cash bail, plus security in two properties in Washington state. The Court  
22 will therefore set the bail amount at \$1 million, to be secured by \$500,000 in cash and the  
23 Washington properties. This allocates to Toledo's wife \$175,000 in cash bail.

24 The Court acknowledges some uncertainty about whether this is enough money from  
25 Toledo's wife. The Court suspects Karp-Toledo has access to more money through family  
26 members. However, the Court prefers to base its bail decision on evidence, not just suspicions.  
27 The evidence the Court is starting with is the \$1 million the government showed that Karp-Toledo  
28 possessed as of last August. That this would have winnowed down to less than \$800,000 today is

1 not that surprising if she has ongoing legal expenses. She needs enough money to deal with her  
 2 own legal problems and support her and her husband for what may be quite some time. With the  
 3 surrender of her passports, and for all the same reasons that Toledo may not want or be able to flee  
 4 right now, this amount of cash bail and all of the other release conditions seem sufficient to  
 5 prevent the couple from fleeing, even if that cannot be completely guaranteed. If the government  
 6 has or comes up with evidence that Karp-Toledo has more money than her counsel represented,  
 7 the Court invites a motion for reconsideration of the bail amount.

8 So, when does Toledo get out? When the \$500,000 in cash bail is posted and his wife  
 9 surrenders her passports. That will require three more sureties to be admonished, and all six of the  
 10 cash sureties to post the money. The Court will not, however, wait for the Washington properties  
 11 to be posted as security. Under the best of circumstances, it takes a couple of weeks to post real  
 12 estate, and the pandemic in Washington is even worse than here. It could be a while before that  
 13 security gets posted, and there is urgency in getting Toledo released. So, the plan is that Toledo's  
 14 lawyer should line up the remaining sureties, let the Courtroom Deputy know when they can be  
 15 available, and the Court will admonish them by phone. Toledo's lawyer is in charge of getting  
 16 everyone to sign the bond form. After the cash sureties have been admonished and signed, the  
 17 \$500,000 in cash has been posted, and Karp-Toledo surrenders her passports, the Court will issue  
 18 the release order. At that point, Toledo must report to Pretrial Services in San Jose (that's also  
 19 where his wife must surrender her passports) to be fitted with the GPS device. Toledo's second  
 20 motion for reconsideration is accordingly **GRANTED**.

21 The government's request for "a brief stay" of any release order pending an appeal to  
 22 Judge Chhabria is **DENIED** as unnecessary. As just explained, there are a few steps left before  
 23 release happens. This order (i.e., the one you are reading) is the undersigned's decision that  
 24 release on bail and other conditions is appropriate, and the government can appeal it right now.

25 **IT IS SO ORDERED.**

**UNITED STATES DISTRICT COURT  
DISTRICT OF NEVADA**

UNITED STATES OF AMERICA,

Plaintiff,

v.

ROBERT BARKMAN,

Defendant.

Case No. 3:19-cr-0052-RCJ-WGC

**ORDER GRANTING  
EMERGENCY MOTION TO  
TEMPORARILY MODIFY  
INTERMITTENT CONFINEMENT  
AS A CONDITION OF  
PROBATION DUE TO THE  
COVID-19 PANDEMIC**

**Introduction**

Mr. Barkman moves this Court for an order temporarily modifying his conditions of probation by suspending for a minimum of 30 days the requirement that he present himself to the Washoe County Detention Facility for intermittent confinement given the COVID-19 pandemic.

COVID-19 is a dangerous illness spreading rapidly across the country and through Northern Nevada. The CDC has issued guidance that individuals at higher risk of contracting severe forms COVID-19—adults over 60 years old and

1 people with chronic medical conditions—take immediate preventative actions,  
2 including avoiding crowded areas and staying home as much as possible.<sup>1</sup> As of a  
3 few hours ago, the White House announced that the COVID-19 crisis could last  
4 until July and that gatherings over 10 people should be avoided.<sup>2</sup>  
5

6 With confirmed cases that indicate community spread, the time is now to  
7 take action to protect vulnerable populations and the community at large. To  
8 date, protective measures have been taken in Washoe County, Nevada to slow  
9 the spread of the virus, including indefinitely cancelling all events with an  
10 expected attendance of 250 or more people. The following is a sample of events  
11 that have been cancelled in Nevada: (1) K-12 schooling; (2) All school, district and  
12 non-district sponsored athletics, extra-curricular activities, assemblies, practices,  
13 proms and events; (3) all district sponsored travel; (4) all previously scheduled  
14 spring break childcare related camps; (5) UNR is moving to online classes  
15 starting on March 23, 2020.  
16  
17  
18

19 With 26 confirmed cases in Nevada, indicating community spread, we  
20 must take every necessary action to protect vulnerable populations and the  
21 community at large. The men and women incarcerated at Washoe County

4 **1. Conditions of Confinement and Spread of Coronavirus**

5 Conditions of pretrial confinement create the ideal environment for the  
6 transmission of contagious disease.<sup>3</sup> Inmates cycle in and out of detention  
7 facilities from all over the world and country, and people who work in the  
8 facilities including correctional officers, and care and service providers leave and  
9 return daily, without screening. Incarcerated people have poorer health than the  
10 general population, and even at the best of times, medical care is limited.<sup>4</sup> Many  
11 people who are incarcerated also have chronic conditions, like diabetes, asthma,  
12 high blood pressure, hepatitis, or HIV, which makes them vulnerable to severe  
13 forms of COVID-19.  
14  
15

16 According to public health experts, incarcerated individuals “are at special  
17 risk of infection, given their living situations,” and “may also be less able to  
18 participate in proactive measures to keep themselves safe,” because “infection  
19 control is challenging in these settings.”<sup>5</sup> Outbreaks of the flu regularly occur in

1 Faced with the threat, jails and prisons have to prepare for two states:  
2 Before COVID-19 gets into the facility and the jail is trying to keep the virus out  
3 When the disease is discovered inside the facility and efforts then are made to  
4 keep the virus in. There is ample opportunity for a virus to enter a prison or jail,  
5 and for it to go back out into the community. Once a contagious illness enters,  
6 conditions in correctional facilities are highly conducive to it spreading. This  
7 pandemic is unprecedented in our lifetime. While measures are being taken by  
8 facilities all over the world, no facility is prepared.

11 Screening inmates is important. Current guidelines do not go far enough  
12 given the catastrophic consequences of missing a single case. Moreover, it is  
13 statistically far more likely that someone else, not an inmate, will be the initial  
14 carrier of COVID-19 into a jail. New inmates are brought to jail by an arresting  
15 officer or two every day. The jail is also visited by lawyers, probation and parole  
16 officers, volunteers (who put on church services and educational programs), and  
17 many more. By sheer numbers alone, these people present a bigger threat than  
18 inmates. These people are also more likely to have recently traveled out of the  
19 country than the average inmate. Tests are still, as of this writing, hard to come  
20 by. The question is not if there will be a COVID-19 outbreak at the jail. It is  
21 when.

1           **2. Specific Conditions at the Washoe County Detention Facility**

2           The Washoe County Detention Facility houses people in small cells with  
3 beds close to the other, which prevents detainees from engaging in social  
4 distancing and self-quarantine precautions as recommended by the CDC. Those  
5 detained at the Washoe County Detention Facility also share limited toilets,  
6 sinks and showers with the other people in their housing unit, which creates a  
7 greater risk to exposure to the virus. There are also significant restrictions on  
8 movement, so people are held together in close quarters at all times.  
9  
10

11           The Washoe County Detention Facility also has limited access to personal  
12 hygiene items such as tissues, soap, disinfectant, or hot water, which prevent  
13 individuals from taking recommended precautions to minimize the spread of the  
14 virus. Moreover, if people cannot afford to buy personal hygiene products then  
15 their ability to maintain proper hygiene is even more limited.  
16

17           There are also significant limitations on the detention facility's medical  
18 services. The detention facility does not have a hospital unit on-site, medical  
19 staffing in general is limited, and the Renown tent will quickly become  
20 overwhelmed if an outbreak occurs at the detention facility. It is unknown if the  
21 Washoe County Detention Facility possesses a single ventilator.  
22

23           Washoe County Detention Facility has made the following policy  
24 adjustments to address COVID-19, Exhibit A. Unsurprisingly, given the  
25 unprecedented scope of this pandemic, many questions are still without answers.  
26

- 1 • How will all people in the facility — incarcerated people, staff, and visitors
- 2 — be educated so they can understand the risks, protect themselves, and
- 3 protect others?
- 4
- 5 • Under what circumstances will staff and people incarcerated in the
- 6 facilities be tested for the virus? How many tests are needed?
- 7
- 8 • If people who are incarcerated require quarantine and/or treatment, how
- 9 will that be accomplished? Can it be accomplished in a humane way and
- 10 within Constitutional parameters?
- 11
- 12 • If medical staff must be quarantined or become ill, how will the facility
- 13 monitor, quarantine and treat the prison or jail population?
- 14
- 15 • If correctional staff must be quarantined or become ill, how will the facility
- 16 operate, both in terms of addressing the virus and in terms of simply
- 17 maintaining necessary services, safety, and security?
- 18
- 19 • If incarcerated people must be quarantined or become ill, how will the
- 20 facility continue necessary operations that are reliant on the prison or jail
- 21 population, such as food preparation?
- 22
- 23 • How are particularly vulnerable populations, such as the elderly, or
- 24 immunocompromised, being protected?
- 25
- 26 • How will the facility meet the challenges of COVID-19 without violating
- the rights of the people in its custody?

7  
8 The circumstances that existed when Mr. Barkman was sentenced to  
9 probation with intermittent confinement as a condition have now changed. There

UNITED STATES OF AMERICA,

Plaintiff,

v.

KEVIN THOMAS MATTHAEI,

Defendant.

Case No. 1:19-cv-00243-BLW

**ORDER**

The Court has before it Defendant's Motion to Extend Deadline for Self-Surrender (Dkt. 28). Defendant has been notified that he is to report to FCI Sheridan on March 18, 2020 by 2:00 p.m. to begin serving his sentence in the above captioned matter. Defendant suffers from multiple health problems, including COPD, which puts him at serious risk of complications from COVID-19. Defendant requests an additional 90 days to voluntarily surrender to prevent coming in contact with others who may have COVID-19. The Court has been informed that the Government does not oppose the request.

For the reasons stated in the Motion, the Court finds good cause to grant the Defendant a limited extension of his voluntary surrender date. The Court will grant the Motion and allow the Defendant to report to FCI Sheridan no later than

June 10, 2020 as directed by the Bureau of Prisons and Probation and Pretrial Services Offices.

The Court again advises the Defendant that failure to report is a separate offense subject to additional charges and penalties. Defendant shall continue to maintain contact with his Probation Officer and abide by all of the terms and conditions of his release.

### ORDER

THEREFORE IT IS ORDERED that Defendant's Motion to Extend Deadline for Self-Surrender (Dkt. 28.) is **GRANTED**.

IT IS FURTHER ORDERED that Defendant shall report to his designated facility no later than **June 10, 2020** as directed by the Bureau of Prisons and Probation and Pretrial Services Offices.

MEMORANDUM FOR DIRECTOR OF BUREAU PRISONS

FROM: THE ATTORNEY GENERAL 

SUBJECT: Prioritization of Home Confinement As Appropriate in Response to COVID-19 Pandemic

Thank you for your tremendous service to our nation during the present crisis. The current situation is challenging for us all, but I have great confidence in the ability of the Bureau of Prisons (BOP) to perform its critical mission during these difficult times. We have some of the best-run prisons in the world and I am confident in our ability to keep inmates in our prisons as safe as possible from the pandemic currently sweeping across the globe. At the same time, there are some at-risk inmates who are non-violent and pose minimal likelihood of recidivism and who might be safer serving their sentences in home confinement rather than in BOP facilities. I am issuing this Memorandum to ensure that we utilize home confinement, where appropriate, to protect the health and safety of BOP personnel and the people in our custody.

**I. TRANSFER OF INMATES TO HOME CONFINEMENT WHERE APPROPRIATE TO DECREASE THE RISKS TO THEIR HEALTH**

One of BOP's tools to manage the prison population and keep inmates safe is the ability to grant certain eligible prisoners home confinement in certain circumstances. I am hereby directing you to prioritize the use of your various statutory authorities to grant home confinement for inmates seeking transfer in connection with the ongoing COVID-19 pandemic. Many inmates will be safer in BOP facilities where the population is controlled and there is ready access to doctors and medical care. But for some eligible inmates, home confinement might be more effective in protecting their health.

In assessing which inmates should be granted home confinement pursuant to this Memorandum, you are to consider the totality of circumstances for each individual inmate, the statutory requirements for home confinement, and the following non-exhaustive list of discretionary factors:

- The age and vulnerability of the inmate to COVID-19, in accordance with the Centers for Disease Control and Prevention (CDC) guidelines;

Memorandum from the Attorney General

Page 2

Subject: Department of Justice COVID-19 Hoarding and Price Gouging Task Force

- The security level of the facility currently holding the inmate, with priority given to inmates residing in low and minimum security facilities;
- The inmate's conduct in prison, with inmates who have engaged in violent or gang-related activity in prison or who have incurred a BOP violation within the last year not receiving priority treatment under this Memorandum;
- The inmate's score under PATTERN, with inmates who have anything above a minimum score not receiving priority treatment under this Memorandum;
- Whether the inmate has a demonstrated and verifiable re-entry plan that will prevent recidivism and maximize public safety, including verification that the conditions under which the inmate would be confined upon release would present a lower risk of contracting COVID-19 than the inmate would face in his or her BOP facility;
- The inmate's crime of conviction, and assessment of the danger posed by the inmate to the community. Some offenses, such as sex offenses, will render an inmate ineligible for home detention. Other serious offenses should weigh more heavily against consideration for home detention.

In addition to considering these factors, before granting any inmate discretionary release, the BOP Medical Director, or someone he designates, will, based on CDC guidance, make an assessment of the inmate's risk factors for severe COVID-19 illness, risks of COVID-19 at the inmate's prison facility, as well as the risks of COVID-19 at the location in which the inmate seeks home confinement. We should not grant home confinement to inmates when doing so is likely to increase their risk of contracting COVID-19. You should grant home confinement only when BOP has determined—based on the totality of the circumstances for each individual inmate—that transfer to home confinement is likely not to increase the inmate's risk of contracting COVID-19.

## **II. PROTECTING THE PUBLIC**

While we have an obligation to protect BOP personnel and the people in BOP custody, we also have an obligation to protect the public. That means we cannot take any risk of transferring inmates to home confinement that will contribute to the spread of COVID-19, or put the public at risk in other ways. I am therefore directing you to place any inmate to whom you grant home confinement in a mandatory 14-day quarantine period before that inmate is discharged from a BOP facility to home confinement. Inmates transferred to home confinement under this prioritized process should also be subject to location monitoring services and, where a court order is entered, be subject to supervised release.

We must do the best we can to minimize the risk of COVID-19 to those in our custody, while also minimizing the risk to the public. I thank you for your service to the country and assistance in implementing this Memorandum.
